KDE Google Summer of Code 2025 Welcome

Albert Astals Cid
aacid@kde.org
tsdgeos

What is KDE?

What is KDE?

You are KDE

READ Johnny's email

Mailing lists

- Kde-soc
- Kde-devel
- Kde-community
- $yourProjectMailingList$

- September 6th – 11th

- Berlin

- Applying for travel support ends in less than 7 hours

- Sending talks also ends in less than 7 hours

Matrix

- #kde-soc:kde.org

- #new-contributors:kde.org

- #kde-devel:kde.org

You do NOT need to register in KDE server, Matrix is federated most users from other servers should work

gitlab

- https://invent.kde.org/
  - Create user at https://identity.kde.org/
  - You do not need a «KDE developer account»
  - https://community.kde.org/Infrastructure/GitLab
    - It is important to create a git branch in your git fork remote, and **not use the git master branch**

Communication

- https://community.kde.org/GSoC/2025/StatusReports
- https://planet.kde.org/
  - https://invent.kde.org/websites/planet-kde-org/
- https://blogs.kde.org/
  - https://invent.kde.org/websites/blogs-kde-org/
- https://kde.org/code-of-conduct/
